IFW PRODUCTS LLC
FIRE PROTECTION

About Us

IFW Products LLC is a dynamic, energetic company located near Boise, Idaho. Originally established in Orange County, California in 2017, we relocated to the Boise area in 2019. Our business is to serve the fire and safety equipment needs of commercial construction, energy, water & waste water, public utilities, and many other industries.

Our experience with this varied group enables us to offer one of the largest selections of first line fire protection equipment available from a single source. To serve the needs of this diverse clientele we offer:

- Quality products from established, reputable manufacturers
- Prompt shipment from stock on popular items
- Access to complete manufacturer product lines
- Responsive customer service with extra attention paid to getting things right the first time
- A resourceful, "can do" attitude

This brochure is designed to acquaint you with some of the product lines we have to offer, but it is by no means complete. If you don't see what you're looking for, reach out to one of our knowledgeable product specialists. We welcome your inquiries and invite you to put our expertise to work for you.
